THE SOUND of DISRUPTION

RDA Disruption is a trans-Atlantic sonic experiment bridging the gap between classical European melody and American industrial grit. Their debut album, ***Disruption***, explores the preservation of the inner child and the relentless pursuit of passion.

BAND LINEUP & BIOS

- **Dante Vex (Vocals – Italy):** Forged in the underground industrial clubs of Berlin, Dante's "Gilded Growl" shifts from melodic Italian arias to aggressive rock anthems.
- **Sloane Richter (Drums – Germany):** A former orchestral prodigy, Sloane provides the

"Metronome of the Revolution" with a mechanical, high-impact percussive assault.

- **Cypher Grey (Keys/Synths – USA):** The architect of the band's "Synthetic Star" sound, blending complex piano arrangements with hacked digital textures.
- **Echo Grey (Guitar – USA):** The sonic shadow to his twin brother, Echo creates atmospheric "walls of sound" that define the band's ethereal alternative edge.
